

Sinclair Broadcasting's decision to force ??? their stations to air an anti-Kerry documentary days before the election is a clear example of good broadcasting. Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. they are!! John Kerry should not be elected and I am glad the documentary is being shown. Michael Moore would air an anti-Bush doc. if he could and the progressives wouldn't care.

This letter was pre-written so that anti-Bush progressives can mass email without using their own thoughts. That's the progressive way, to let someone else think for them. If a person doesn't want to watch the program, don't, like I choose every night what I don't want to watch.

Keep an open mind. Let the show go on.
